

**Mr. Moshe Klaiman****Executive Director at Matrix Medika**

With significant experience in medical software development and regulation, Moshe Klaiman founded Matrix Medika (formerly Medi Software) to deliver cutting-edge projects, systems, and expertise in the healthcare sector.

Matrix Medika is the leading provider of software development, regulatory, and cybersecurity services for the healthcare industry in Israel. Acting as a one-stop shop for medical software companies, startups, and healthcare organizations, Matrix Medika brings extensive experience from successfully implementing over 100 projects.

Mr. Klaiman supports companies in designing and developing innovative solutions, services, and applications across desktop, mobile, and cloud platforms. His work includes ensuring robust cybersecurity and privacy compliance with HIPAA/GDPR standards and managing FDA/CE regulatory submissions.

He holds a degree in Computer Science from Tel Aviv University, where he also earned an MBA. He is a former team leader in the Israeli Air Force and prior to founding Matrix Medika, he also worked at Paieon Medical and ITD Group, a technology company.
